Circular Letter No. 7

Subject: THE COURSE OF STUDY IN ENGLISH

To Superintendents of Schools, Assistant Superintendents, and Principals:

Ladies and Gentlemen:

The first part of the new course of study in English for the elementary schools accompanies this letter. The second part will be sent to the districts within a few days. A copy of this course should be in the hands of every teacher who has English classes in any grade.

Since the philosophy of the course is treated in detail in Section V, "Discussion of General Problems", supervisory officials are urged to bring their teachers together in order to talk over the salient points of this section.

Teachers should realize that this course is submitted to them for trial and criticism. The Committee of Revision will be glad to receive inquiries and suggestions of any kind regarding the new plan. It is suggested that such correspondence be sent through the office of the Superintendent of Schools.

Very cordially yours,

Signed- José Padín
Commissioner of Education
